USMC-Camp Lejeune-Bldg. 331
Incident No. Pending
Camp Lejeune
Onslow County

Dear Mr. Raines:

On March 16, 1999, the Division completed a review of the subject project and the site assessment report received on June 27, 1996. Since the laboratory analytical results associated with the site assessment report did not duplicate the soil contamination previously detected at this site, and the fact that groundwater standards were not exceeded, no further action is required in regard to the subject incident at this time.

If you have any questions concerning this notice, please contact Bruce Reed at (910) 395-3900.

Sincerely,

Patricia Coughlan
UST Regional Supervisor
