Subject: USMC- Camp Lejeune, AS-1011
New River Air Station
Camp Lejeune, Onslow County
Incident Number: pending

Dear Mr. Warren:

On December 31, 1998, the Division of Waste Management (Division) received a report entitled "Limited Site Assessment" (LSA), for the above referenced site (please note that, although this is the title of the report, the report is not complete as a *Limited Site Assessment Report* in accordance with NCAC 2L .0115 (c)4). The report indicates that no soil contamination above 10 parts per million (ppm) of total petroleum hydrocarbons (TPH) 3550 or 5030 remains. The report also indicates that no groundwater contamination above the NCAC 2L standards exists. Since there is no evidence of soil or groundwater contamination above action levels, the Division requires no further action at this time in regard to this incident.

Should you have questions concerning this letter or require additional information, please call Patricia Coughlan at (910) 395-3900.

Sincerely,

Kirk W. McDonald, L.G.
Team Leader
