Incident No. Pending
Camp Lejeune
Onslow County

Dear Ms. Hall:

On April 9, 1999, the Division completed a review of the subject incident and the site sensitivity evaluation (SSE) received on November 3, 1994. Since the laboratory analytical results for the soil samples associated with this incident were below the calculated SSE action level, and all groundwater samples collected from the six monitoring wells were below 15A NCAC 2L standards, no further action is required in regard to the subject incident at this time.

If you have any questions concerning this notice, please contact Bruce Reed at (910) 395-3900.

Sincerely,

Patricia C. Coughlan
