Corrective Action

USMC Camp Lejeune Bldg. LCH-4023
Second Street
Jacksonville, Onslow County
Ranking: Low
Incident No. 94041

Dear Mr. Burton:

The Corrective Action Plan (CAP) received on August 10, 2009 has been reviewed by the UST Section, Wilmington Regional Office. The plan and the schedule are hereby approved.

Failure to implement the plan and schedule in the manner and time specified may result in the assessment of civil penalties and/or the use of other enforcement mechanisms.

If you have any questions regarding the actions that must be taken or the rules mentioned in this letter, please contact me at the address or telephone number listed on the back of this letter.

Sincerely,

Bruce Reed
Hydrogeologist II

Re: Notice of Regulatory Requirements
15A NCAC 2L .0106(e) and (g)
Corrective Action

USMC Camp Lejeune Bldg. LCH-4023
Third Street
Camp Lejeune, Onslow County
Incident Number: 94041
Ranking: Unconfirmed

Dear Dr. Arnold:

Information received by the UST Section, Wilmington Regional Office in the Initial Assessment Report on November 7, 2008 has been reviewed. Information in the report confirms a release or discharge of petroleum product from an aboveground storage tank system at the above-referenced location. This office has determined that the USMC is the responsible party for the release or discharge.

As a responsible party, the USMC must comply with assessment and cleanup requirements of Title 15A NCAC 2L .0106(c)(3) and 2L .0106(g). A Comprehensive Site Assessment (CSA) Report prepared in accordance with these requirements and the most recent version of the *UST Section Guidelines for the Investigation and Remediation of Contamination from Non-UST Petroleum Releases* must be received by this office within 90 days of the date of this notice. In addition, the USMC must submit a summary of the CSA Report to the local Health Director and the local Chief Administrative Officer in accordance with 15A NCAC 2L .0114. The summary should be submitted to these persons no later than five working days after submittal of the CSA Report to this office. Failure to comply in the manner and time specified, may result in the assessment of civil penalties and /or the use of other enforcement mechanisms.

Because a release or discharge has been confirmed, a Licensed Geologist or a Professional Engineer, certified by the State of North Carolina, is required to prepare and certify all reports submitted to the Department in accordance with Title 15A NCAC 2L .0103(e) and 2L .0111(b).

If there are any questions regarding the actions that must be taken or the rules mentioned in this letter, please contact me at the address or telephone number listed below.

Sincerely,

Bruce Reed
Hydrogeologist II
