**Subject:** CLCW Hold Issues - Development Clarification

**Date:** Friday, December 11, 2015 10:04:10 AM

All,

It has come to our attention that in some circumstances, development on CLCW hold issues is being delayed until after development on non-hold issues is completed and the rating is done. All development on CLCW hold issues, to include SME opinion (if required), should be completed concurrently with development on non-hold issues.

If you have any questions, please see your coach.

Thank you,

## VSC Management
