---

All,

Until further notice, discontinue rating and promulgating all CLCW claims. We will continue development.

We will be opening up the bucket of RFD cases to account for this situation. Cases that will be in the backlog by end of month October (June 28, 2015 and older) are now approved for rating action.

This is a breaking development and we anticipate further guidance.

We appreciate your flexibility.

Please see your coach if you have questions.
