Re: MCB Camp Lejeune Installation Restoration Program;
Notification of New Site (Building 45)

Dear Ms. Glenn:

In accordance with Section IXV. REPORTING of the Federal Facilities Agreement (FFA), we declare the Building 45 Area on MCB Camp Lejeune to be a "Significant New Site Condition" as defined in Section III. DEFINITIONS of the FFA. Conditions at the Building 45 Area that warrant this declaration are identified as follows:

a. Prior to 1942, this area was owned and operated by Tidewater Electric Company. We presently have no records concerning their operations or use of the area.

b. In the wooded area behind the building, there is evidence (concrete rubble, old power pole guy wires, rebar, and a recently removed capacitor) of a construction debris type former landfill.

c. This area is located adjacent to Highway 24 and the New River.

We intend to conduct a Site Inspection of this area during the time at which we conduct Site Inspections at other sites, as identified in the Site Management Plan.

If you have questions or comments, please contact Ms. Laurie Boucher, MCB Camp Lejeune Remedial Program Manager, at (804) 445-1814.

Sincerely,

P. A. RAKOWSKI, P.E.
