Dear Ms. Boucher:

This letter is to inform you of EPA's receipt of the Draft Final Site Assessment (SA) Report for Sites 6, 48, and 69. EPA is currently reviewing the Draft RI/FS Project Plans for these sites. In light of this, EPA considers the SA Report to be a secondary document. EPA does not intend to issue an approval or conduct another review of the SA Report. Instead, EPA will focus current efforts on expediting review and approval of the Project Plans necessary to complete the RI/FS at these three sites.

If you have any questions concerning these matters, please call me at (404) 347-3016.

Sincerely,

A handwritten signature in cursive script that reads "Michelle M. Glenn".
