Re: MCB Camp Lejeune Draft Final Site Management Plan;
Extension for RI/FS for Hadnot Point (Deep Aquifer/Soils)

Dear Mr. Froede:

In reference to EPA Region IV's letters dated July 16, 1991 concerning the Draft Final Site Management Plan (SMP) and the letter dated July 17, 1991 concerning the extension for submittal of the Hadnot Point RI/FS draft reports, LANTNAVFACENGCOM and MCB Camp Lejeune have the following response.

With respect to the SMP, we agree to incorporate all comments cited in the July 16, 1991 letter and forward the Final SMP by July 31, 1991. As discussed during a telephone conversation between Mr. Andrew Kissell of LANTNAVFACENGCOM and Mr. Michael Hardnett of EPA Region IV on July 18, 1991, we understand you will be sending a letter requesting we submit the Draft SMP for FY-92 within 60 days of receipt of your letter. We intend to revise the SMP no later than June 1 of each year (as stated in the MCB Camp Lejeune Federal Facilities Agreement) as opposed to November 15th (as requested in our letter of July 16, 1991).

In reference to the July 17, 1991 letter concerning the extension for submittal of the Hadnot Point RI/FS draft reports, these reports will be submitted August 23, 1991.

Our point of contact for questions concerning the above is Ms. Laurie Boucher, P.E., at (804) 445-1814.

Sincerely,

P. A. RAKOWSKI, P.E.
Head
Environmental Programs Branch
Environmental Quality Division
By direction of the Commander
