

**MEETING AGENDA**  
**MCB CAMP LEJEUNE, EPA REGION IV, N.C. DEHNR**  
**October 16, 1991 (Raleigh, N.C.)**

**Purpose** 1) To discuss EPA/N.C. DEHNR comments to the Hadnot Point RI/RA/FS for the shallow soils and deep aquifer; 2) to discuss the soon to be released FY-92 version of the Site Management Plan; 3) to discuss expedited schedules and EPA/N.C. DEHNR review of preliminary draft reports.

**Desired Results** 1) To determine what work needs to be done (e.g. further sampling, preparation of RI/RA/FS addendum, PRAP, ROD, etc.) at Hadnot Point with respect to the shallow soils and deep aquifer, with the objective to move this towards a Record of Decision in the most timely manner; 2) to resolve any problems with the FY-92 SMP; 3) to discuss expedited schedules and EPA/N.C. DEHNR review of preliminary draft reports.
