Re: Navy CLEAN, District III
[Redacted]
Final RI/FS Project Plans
[Redacted]
[Redacted]
MCB, Camp Lejeune, North Carolina

Dear Ms. Landman:

Baker Environmental, Inc. (Baker) is pleased to submit for your review three copies of the Final Remedial Investigation/Feasibility Study (RI/FS) Project Plans for Operable Unit (OU) No. 7 - Sites 1, 28, and 30 at MCB Camp Lejeune. Copies of these documents have also been forwarded to Mr. Neal Paul at MCB, Camp Lejeune, Ms. Gena Townsend at EPA Region IV, Mr. Patrick Watters at DEHNR, and to the members of the TRC. Note that the plans are being submitted 12 days ahead of the schedule in the Fiscal Year 1994 Site Management Plan.

The Final RI/FS Project Plans include the Work Plan, Sampling and Analysis Plan (FSAP), and the Site Health and Safety Plan (HASP). Please note that since there were no comments received on the Draft Final Quality Assurance Project Plans (QAPP), only the cover and a Figure (4-1) are being submitted. These items should be inserted into the Draft Final QAPP, which is Section II of the SAP, to complete this document.

If you have any questions regarding this submittal, please contact me at (412) 269-2033 or Mr. Raymond Wattras (Activity Coordinator) at (412) 269-2016.

Sincerely,

BAKER ENVIRONMENTAL, INC.

for *R. P. Wattras*
Daniel L. Bonk, P.E.
