Re: Draft Final Resubmittal of Work Plans for Site 85
Contract N62470-97-D-5000; Delivery order 13
MCB, Camp Lejeune, North Carolina

Dear Ms. Montegross:

Enclosed herewith please find a copy of our revised Work Plan and Sampling and Analysis Plans for the subject site. These plans have been changed to indicate a reduction in the cleanup action levels as requested by the State. The Sampling Plan has been checked to ensure that method detection levels will provide compliance with cleanup objectives.

Please provide review comments within three weeks to allow commencement of field activities during July 1999.

Sincerely,

OHM Remediation Services Corp.
