Dear Ms. Padgett:

Please find enclosed a Fact Sheet that discusses our activities related to the Proposed Plan for an Interim Remedial Action of the Shallow Aquifer at the Hadnot Point Industrial Area. This information is provided to enhance communication with any potentially interested parties regarding the Installation Restoration Program at Marine Corps Base, Camp Lejeune. A public comment period for our proposed plan has been established and extends through June 14, 1992.

For further information, please contact Mr. Byron Brant, Code 1822, Atlantic Division, Naval Facilities Engineering Command at telephone (804) 445-2931 or Mr. George Radford, Installation Restoration Program Manager, Environmental Management Department, Marine Corps Base, Camp Lejeune at telephone (919) 451-5874.

We welcome questions and comments related to the Installation Restoration Program and our Environmental Management Program. We will notify you of future activities through use of Fact Sheets and public comment periods.

Sincerely,

ROBERT L. WARREN
Assistant Chief of Staff
Environmental Management
By direction of
the Commanding General
