NC 6170 022 580

Dear Mr. Rakowski:

The purpose of this letter is to acknowledge receipt of your 27 August 1992 letter, informing us that the referenced document is the "Draft Final" version with no proposed revisions. We would like to reaffirm that the NC DEHNR disagrees with the referenced document as proposed and as noted in our letter to the Department of the Navy dated 26 August 1992.

At this time we consider this matter to remain open. We look forward to continued discussions with the Department of the Navy and a quick resolution to the matter of choosing the most appropriate alternative for the Interim Remedial Action of the Shallow Aquifer at the Hadnot Point Industrial Area.
