Re: Extension of Submittal Date for Draft Remedial Design  
Work Plan for the Interim Remedial Action of the Shallow  
Aquifer at the Hadnot Point Industrial Area Operable Unit

Dear Ms. Glenn:

We are writing this letter to provide written notice that, as per Section XXIX.B of the Marine Corps Base Camp Lejeune Federal Facilities Agreement (FFA), we are requesting an extension to the submittal date for the referenced document shown in the Draft Final Fiscal Year 1993 Site Management Plan for Marine Corps Base Camp Lejeune North Carolina. Although the referenced document is not included as a primary or secondary document in the FFA, we have informally agreed with EPA Region IV and the NCDEHNR that the document is required and important.

The cause for this extension request is that EPA Region IV, the NCDEHNR, and the Navy/Marine Corps have not yet reached a final agreement regarding the Record of Decision for the referenced Interim Remedial Action. The Draft Remedial Design Work Plan is directly dependent upon resolution of the Record of Decision issue. Therefore, we request the submittal date for the referenced document be delayed from 9 September 1992 to 10 days after the signature date of the Record of Decision for the referenced action.

Any questions concerning this matter should be directed to Mr. Byron Brant at (804)-445-2931.

Sincerely,

P. A. RAKOWSKI, P.E.  
Head  
Environmental Programs Branch  
Environmental Quality Division  
By direction of the Commander
