RE: Final Submittal, Final Remedial Design Project Plans for the
Shallow Aquifer at the Hadnot Point Industrial Area.

Dear Ms. Berry:

The North Carolina Division of Solid Waste Management, Superfund Section, has completed our review of the referenced document.

In our conversation of January 13 and 14, 1993, it was noted that some of the Superfund Section's comments to the Draft Final Document were not addressed. It was also noted that these comments would be reviewed and an addendum issued, as necessary. In the interest of expediting the DERP process, this will be acceptable.

Ms. Linda Berry

This letter, therefore, shall constitute our approval without further comment.

Sincerely,
