RE: Draft Final RI/FS Health and Safety Plan,  
Work Plan and Sampling and Analysis Plan  
Site #2, Operable Unit #5  
MCB Camp Lejeune  
Jacksonville, NC

Dear Mr. Brant:

The North Carolina Division of Solid Waste Management, Superfund Section, has completed our review of the referenced "Work Plan" and "Sampling and Analysis Plan". The Superfund Section approves of these documents without further comment.

Mr. David Lilley of our office has comments on the Health and Safety Plan. Mr. Lilley will be speaking to Barbara Cummings of Baker Environmental, directly, to resolve these issues. As soon as this is done, and upon your approval, we anticipate sending an approval letter covering this document for your file.

Mr. Brant

We look forward to receiving the "Final" documents in the near future.
