CERTIFIED MAIL RETURN RECEIPT REQUESTED

United States Environmental Protection Agency,
Region IV
Waste Management Division
Attn: Ms. Michelle Glenn
345 Courtland Street, N.E.
Atlanta, Georgia 30365

Re: MCB Camp Lejeune; Hadnot Point Industrial Area-
(Site 78, Operable Unit 1) 90% Design Review Meeting

Dear Ms. Glenn:

As discussed during the 30% design review meeting held March 23, 1993 in Raleigh, North Carolina, the 90% design review meeting will be held on May 19, 1993. The location of the meeting has been determined to be EPA's Region IV office in Atlanta, Georgia. We plan to meet from 8:30 a.m. until 12:00 noon. This meeting will serve as a working review session to discuss the 90% submittal with the result of the meeting being an informal collection of all review comments.

At the present time, we anticipate that you should receive the 90% submittal on May 3, 1993.

We request that the EPA send the pertinent people responsible for review of these design drawings to this working session. At the conclusion of the meeting, we anticipate having an informal set of review comments by which the contractor can work in preparing the final design plans and specifications. According to the expedited schedule identified in our letter of February 26, 1992, formal comments are due to LANTNAVFACENCOM no later than one week after the meeting.

Re: MCB Camp Lejeune; Hadnot Point Industrial Area-
(Site 78, Operable Unit 1) 90% Design Review Meeting

If the date or location of the meeting appear to create a conflict in your schedule, please contact Ms. Linda Berry at (804) 445-8637 no later than May 7, 1993.

Sincerely,

L. A. BOUCHER, P.E.
Head
Installation Restoration Division
(South)
Environmental Programs Branch
Environmental Quality Division
