RE: Marine Corps Base Camp Lejeune NPL Site  
Sites 21, 24 and 78  
Jacksonville, North Carolina

Dear Mr. Brant:

EPA received Ms. Laurie Boucher's letter dated April 16, 1993 requesting EPA approve consolidation of site 82 with sites 6 and 9 in Operable Unit 2. In the comments provided to Mr. Byron Brant dated April 20, 1993 on the draft Site Inspection Report for site 82, I also recommended that site 82 be added to Operable Unit 2 (General Comment #6). EPA concurs with the recommendation. Operable Unit 2 will now consist of Sites 6, 9, and 82.

If you have any questions or comments, please call me at (404) 347-3016.

Sincerely,

Michelle M. Glenn  
Senior Project Manager
