Navy Clean, District III  
Contract Task Order (CTO) 0312  
Operable Unit No. 9 (Sites 65 and 73)  
MCB, Camp Lejeune, North Carolina  
Draft Remedial Investigation Report - Site 65

Dear Mr. Laughmiller:

Baker Environmental, Inc. (Baker) is submitting the enclosed Draft Remedial Investigation (RI) Report for MCB, Camp Lejeune, Operable Unit No. 9 (Site 65), as required by the final Implementation Plan, dated February 28, 1995. As has been noted in recent monthly progress reports, the Site 73 RI report was put on hold during August 1995, after it was agreed additional field investigation is necessary. Therefore, the Site 73 RI report is not enclosed. Also, since both Sites 65 and 73 will be addressed in the same Record of Decision, there is no need for the recipients of the enclosed Draft Site 65 RI Report to complete their review within 60 days. However, Baker would appreciate receipt of comments by March 1, 1996, to finalize the Site 65 RI report. Copies of the Draft Site 65 RI report are being distributed to LANTDIV (3), USEPA (6), NC DEHNR (4), TRC (2), NEHC (1), ATSDR (1), and OHM (1).

Baker appreciates the opportunity to serve LANTDIV on this project. If there are questions or comments, please call me at (219) 736-0263 or Mr. Matthew Bartman at (412) 269-2053.

Sincerely,

BAKER ENVIRONMENTAL, INC.

Malcolm Petroccia  
Project Manager
