**Response to Comments (Letter Dated June 25, 1993) Submitted by  
the U.S. Environmental Protection Agency, Region IV on the Draft  
ROD for Site 48, MCB Camp Lejeune**

General Comments

1. The comments and clarifications incorporated into the PRAP were incorporated into the Final ROD for Site 48.

Specific Comments

1. Section 4.0 (Highlights of Community Participation) has been corrected to show the actual dates for the public comment period (June 21, 1993 to July 21, 1993); the public meeting (June 21, 1993), and the notice in the newspaper (June 14-20, 1993).

2. Section 5.0 (Scope and Role of the Operable Unit) has been revised as per the revised PRAP. A second paragraph was added stating that, "Operable Unit No. 3 is one of 12 operable units at MCB Camp Lejeune and MCAS New River. Separate investigations are being conducted for the other 11 operable units. Therefore, this ROD is applicable to Operable Unit No. 3 (Site 48) only."

3. Section 10.0 (Responsiveness Summary) was revised to reflect the results of the public meeting and public comment period. The statement announcing the opportunity for a public meeting was deleted.
