RE: Draft RI/FS Work Plan, Sampling and Analysis Plan, and Health
and Safety Plan for Operable Unit #4 (sites 69 & 74)

The North Carolina Superfund Section has decided not to provide any comments on the referenced documents at this time. It has been noted that the next version of these documents will include the addition of site #41 to Operable Unit #4. As a result, we will postpone our review of these work plans until after the version including site #41 is issued.

Sincerely,

A handwritten signature in cursive script that reads "Patrick Watters".
