 Navy CLEAN, District III  
 Contract Task Order (CTO) 0259  
 RAC Design for Operable Unit No. 1 - Soil  
 MCB, Camp Lejeune, North Carolina  
 Revised Final Design Package

Dear Ms. Saksvig:

Baker Environmental, Inc. (Baker) is pleased to submit for your files two copies of the Revised Final Design Package for Operable Unit (OU) No. 1 - Sites 21 and 78 at Marine Corps Base (MCB), Camp Lejeune. The Package consists of the Basis of Design Report, Specifications and Submittal Register, Drawings and Construction Project Schedule. In addition, the Specifications have been provided to you on electronic format.

Baker received a revised and signed copy of the 100 Percent Design Package on January 25, 1995 with the instructions to make copies from the signed documents. Baker noted that the only revisions to the 100 Percent Design Package were a few changes to the Specifications which were hand typed by LANTDIV. Upon confirmation of the exact distribution of the Design Package from you on February 6, 1995, Baker proceeded to prepare the Final Revised Package for submittal. Note that since the cover on the Specifications report had the original LANTDIV authorization signatures, Baker did not make any changes to the covers to the Specifications or the Basis of Design Reports. Therefore, a February 8, 1995 submittal date is not indicated on the Revised Final Package.

Per your direction, two copies of the Design Package were forwarded to each of the following: Mr. Neal Paul (MCB, Camp Lejeune), Ms. Gena Townsend (USEPA), Mr. Patrick Watters (NC DEHNR), Mr. Vann Marshburn (MCB, Camp Lejeune ROICC) and Mr. Dwayne Currie (OHM).

A Total Quality Corporation
