RE: MCB Camp Lejeune  
Draft Record of Decision for Interim Remedial Action at the  
Shallow Aquifer, Hadnot Point Industrial Area

Dear Ms. Glenn:

In our letter of 3 September 1992 we requested that the parties to the MCB Camp Lejeune, Federal Facilities Agreement extend the period for review and comment of the referenced document for an additional 30 days.

As per our discussion with you on Thursday 3 September 1992, it was decided not to request an extension that would extend into the new fiscal year. We therefore are requesting an extension for a sufficient amount of time (probably a few days), to resolve discussions that are now taking place concerning the preferred alternative for the referenced project.

We look forward to concluding these discussions and having a "Final ROD" in place by the end of this month and fiscal year 1992. If you have any questions please contact me a (919) 733-2801.

Sincerely,
