Subj: Interim Record of Decision
Operable Unit 10, Site 35
MCB Camp Lejeune NPL Site
Jacksonville, North Carolina

Dear Sir:

The U.S. Environmental Protection Agency (EPA) Region IV has reviewed the above subject decision document and concurs with the selected remedy for the Interim Remedial Action at Site 35 as supported by the previously completed Remedial Investigation, Feasibility Study and Baseline Risk Assessment Reports.

The selected remedy, which is limited to contaminated soil, is an Interim Remedial Action representing only one phase of the comprehensive investigation and remediation program at Site 35. This remedy includes source removal with off-site soil recycling. This remedial action is protective of human health and the environment, complies with Federal and State requirements that are legally applicable or relevant and appropriate to the remedial action and is cost effective.

Sincerely,

John H. Hankinson, Jr.
Regional Administrator
