Dear Laurie:

Enclosed please find three (3) copies of the Final Sampling and Analysis Plan, Volume II of II. Versar Inc. performed the analysis for sites 3, 7, 54, 80, and 82 of the project. Hopefully all comments from the Technical Review Committee and, in particular, Martin Marietta have been adequately addressed.

If there are any questions on the documents you receive, please contact me.

Sincerely,

  
Daryl D. Hutson
