Semiannual Monitoring Report  
Operable Unit No. 7 - Sites 1 and 28  
Marine Corps Base (MCB) Camp Lejeune, North Carolina

Dear Ms. Landman:

I am pleased to submit on behalf of Baker Environmental, Inc. (Baker) one bound and three unbound copies of the Semiannual Monitoring Report for Operable Unit (OU) No. 7, MCB Camp Lejeune, North Carolina. The report describes the activities completed as part of the monitoring program at Sites 1 and 28 during the third quarter of 1996. Two copies of the report have been forwarded to Mr. Neal Paul at MCB Camp Lejeune. Additional copies of the report have been distributed according to the attached transmittal letters. A larger binder has been provided to incorporate the next semiannual report.

I look forward to discussing with you the findings and recommendations presented in this report. If the concerned parties agree with the provided recommendations, a letter will then be prepared detailing the proposed changes to the monitoring program at OU No.7. The provided recommendations may be implemented during the first quarter of 1997, pending approval.

It is my intention to continue providing the Navy and Marine Corps with recommendations that improve upon the cost-effectiveness of monitoring activities at OU No.7. Please contact me at (412) 269-2051 or Mr. Matthew Bartman (Activity Coordinator) at (412) 269-2053 with any questions or concerns you may have regarding this report.

Sincerely,

BAKER ENVIRONMENTAL, Inc.
