Re: Contract N62470-89-D-4814
Navy CLEAN, District III
Contract Task Order (CTO) 0356
Draft ROD
Operable Unit No. 16 (Sites 89 and 93)
MCB Camp Lejeune, North Carolina

Dear Ms. Landman:

Baker Environmental, Inc. (Baker) is pleased to submit two copies of the draft Record of Decision for Operable Unit No. 16 (Sites 89 and 93) Marine Corps Base (MCB) Camp Lejeune. This document is being submitted in accordance with the schedule identified in the final IP/FP for CTO-0356 Mod 03 dated April 9, 1997. As noted within the ROD, the identified selected remedy incorporates a combination of two of the remedial action alternatives that were presented in the draft Feasibility Study. The selected remedy was chosen due to its anticipated effectiveness at addressing the immediate concerns of Edwards Creek and its ability to monitor the overall impact to OU No. 16.

Two copies of this submittal have been forwarded to the Environmental Management Department at MCB Camp Lejeune. In addition, this submittal has been provided to the United States Environmental Protection Agency (USEPA) Region IV, offices of the North Carolina Department of Natural Resources (NC DENR), the Naval Environmental Health Center (NEHC), the Agency for Toxic Substance and Disease Registry (ATSDR), and OHM Corporation as presented in the attached transmittal letters. Restoration Advisory Board (RAB) community members have been made aware of the availability of this submittal.

In accordance with the schedule provided in the final IP/FP and the final Fiscal Year 1998 Site Management Plan comments on this submittal are due to on or before February 20, 1998. The date for the final submittal is scheduled for June 30, 1998 but is dependant on the timely receipt of comments.

Baker appreciates the opportunity to serve LANTDIV on this important project. Should you have any questions regarding this submittal, please contact me at (412) 269-2053.

Sincerely,

BAKER ENVIRONMENTAL, INC.

Matthew D. Bartman
