Re: 5090 1142 CFB Technical Review Committee

Dear Sir:

I am responding to your November 4, 1987, letter addressed to the Regional Administrator and announcing your intent to establish technical review committees for the Naval and Marine Corps Facilities in Region IV that you advise. You indicate that this action is in accordance with Section 211 of SARA and will enhance consultation and coordination in addressing hazardous waste sites at the facilities. Mr. Victor Weeks will represent the Region on the committees for Marine Corps Air Station, Cherry Point and Marine Corps Base, Camp LeJeune, North Carolina. I will serve on the committee for Naval Ordnance Station, Kentucky as the Regional Representative. We are pleased that you are taking this action and are looking forward to working with you.

Sincerely yours,
