Diane:

As discussed at the recent Lejeune Partnering Meeting, the attached sheets are the Draft Final PRAP for OU No. 6, Sites 36, 43, 44, 54, and 86. This Draft Final version has been prepared in the "fact sheet" format, similar to the recent PRAP submissions for other MCB, Camp Lejeune projects.

Although a copy of this PRAP was sent to the attention of Mr. Shiver, I wanted to fax this PRAP since we are hoping to receive comments back by April 24, 1998. This quick turn around time will allow for inclusion of any additional comments into the Final FS/PRAP/ROD documents. Should you have any questions, please give me a call at (412)269-2062.

Thanks for your attention and assistance. Kathy
