Re: Contract N62470-89-D-4814  
Navy CLEAN, District III  
Contract Task Order (CTO) 0344  
Draft PRAP and ROD  
Operable Unit No. 17 (Sites 90, 91, and 92)  
MCB Camp Lejeune, North Carolina

Dear Ms. Landman:

Baker Environmental, Inc. (Baker) is pleased to submit two copies of the draft Proposed Remedial Action Plan (PRAP) and Record of Decision (ROD) for Operable Unit No. 17 (Sites 90, 91, and 92) Marine Corps Base (MCB), Camp Lejeune. These submittals were not included under the original scope of work. However, due to significant cost savings realized during the remedial investigation funding was available to produce these submittals.

Two copies of these submittals have been forwarded to the Environmental Management Department at MCB, Camp Lejeune. Additional copies have been submitted to the United States Environmental Protection Agency (USEPA) Region IV, North Carolina Department of Environment and Natural Resources (NC DENR), the Naval Environmental Health Center (NEHC), the Agency for Toxic Substance and Disease Registry (ATSDR), and OHM Corporation as presented in the attached transmittal letters. Restoration Advisory Board (RAB) members have been made aware of the availability of these documents.

A schedule for the review of these submittals has not been established. However in accordance with review of draft submittals a 60-day period is being requested. Therefore, in order for this project to proceed Baker is requesting government comments on or before July 30, 1998.

Baker appreciates the opportunity to serve LANTDIV on this important project. Should you have any questions regarding this submittal, please contact me at (412) 269-2053.

Sincerely,

BAKER ENVIRONMENTAL, INC.

  
Matthew D. Bartman  
Project Manager
