Navy CLEAN, District III
Contract Task Order (CTO) 0367
Semiannual Groundwater Monitoring Report
Operable Unit No. 5 (Site 2)
Marine Corps Base, Camp Lejeune, North Carolina

Dear Ms. Landman:

I am pleased to submit on behalf of Baker Environmental, Inc. (Baker) one bound copy and one unbound copy of the Semiannual Monitoring Report for Operable Unit (OU) No. 5 (Site 2), Marine Corps Base (MCB), Camp Lejeune, North Carolina. The report describes activities completed as part of the monitoring program at Site 2 during October of 1997. Two copies of the semiannual report have been forwarded to Mr. Neal Paul at MCB, Camp Lejeune. Additional copies of the report have been distributed according to the attached transmittal letters.

The semiannual report reflects changes to the monitoring program that were recently initiated. As a result of the recommended changes, costs associated with the monitoring program at Site 2 have been greatly reduced. In addition, the report format reflects changes suggested by members of the Partnering Team.

It is our intention to continue providing the Navy and Marine Corps, in future monitoring reports, with recommendations that improve upon the cost-effectiveness of monitoring activities. Please contact me at (412) 269-2051 or Mr. Matthew Bartman (Activity Coordinator) at (412) 269-2053 with any questions or concerns you may have regarding this report.

Sincerely,

BAKER ENVIRONMENTAL, Inc.
