Dear Ms. Landman:

Baker Environmental, Inc. (Baker) is pleased to submit three copies of each Long-Term Monitoring Work Plan for Operable Units (OU) No. 1 (Sites 24 and 78), No. 5 (Site 2), and No. 7 (Sites 1 and 28). The draft work plans provided here are to be incorporated with the Final Long-Term Monitoring Work Plan for OU 4 (Sites 41 and 74), submitted during December 1996. Additionally, two copies of each report have been forwarded to Mr. Neal Paul at MCB Camp Lejeune. One copy of each report has also been forwarded to both Ms. Gena Townsend at USEPA Region IV and Mr. Dave Lown at NC DEHNR.

Comments received concerning these draft plans will be used to prepare final versions. Future revisions to the monitoring work plans will be provided as approved recommendations are implemented.

Although no formal schedule for these submittals has been established, Baker would like to submit final page inserts and replacements during June 1997. Baker appreciates the opportunity to serve LANTDIV on this important project. Should you have any questions regarding these submittals, please contact me at (412) 269-2053.

Sincerely,
