Navy CLEAN, District III  
Contract Task Order (CTO) 0367  
Quarterly Groundwater Monitoring Report  
Operable Unit No. 1 - Sites 24 and 78  
Marine Corps Base Camp Lejeune, North Carolina

Dear Ms. Landman:

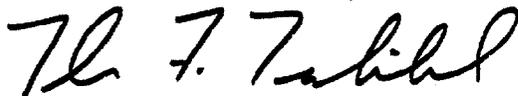

I am pleased to submit on behalf of Baker Environmental, Inc. (Baker) four unbound copies of the Quarterly Monitoring Report for Operable Unit (OU) No. 1, Marine Corps Base (MCB) Camp Lejeune, North Carolina. The report describes activities completed as part of the monitoring program at Sites 24 and 78 during the first quarter of 1997. Two copies of the quarterly report have been forwarded to Mr. Neal Paul at MCB Camp Lejeune. Additional copies of the report have been distributed according to the attached transmittal letters.

The recommendations provided within the report are intended to both reduce future costs and increase the effectiveness of monitoring program activities. A number of recommendations were recently implemented. Approximately \$18,000 in savings was realized as a result. A portion of the savings was then used to immediately initiate much needed maintenance and upkeep of existing monitoring wells at OU1, OU4, OU5, and OU7.

We remain committed to providing the Navy and Marine Corps, in future quarterly reports, with recommendations that improve upon the cost-effectiveness of monitoring and groundwater treatment activities. Please contact me at (412) 269-2051 or Mr. Matthew D. Bartman (Activity Coordinator) at (412) 269-2053 with any questions or concerns you may have regarding this project.

Sincerely,

BAKER ENVIRONMENTAL, INC.

Thomas F. Trebilcock  
Project Manager
