Re: Contract 62470-D-4814
Navy CLEAN, District III
Contract Task Order (CTO) 0367
Quarterly Groundwater Monitoring Report
Operable Unit No. 1 - Sites 24 and 78
Marine Corps Base Camp Lejeune, North Carolina

Dear Ms. Landman:

I am pleased to submit on behalf of Baker Environmental, Inc. (Baker) four unbound copies of the Quarterly Monitoring Report for Operable Unit (OU) No. 1, Marine Corps Base (MCB) Camp Lejeune, North Carolina. The report describes activities completed as part of the monitoring program at Sites 24 and 78 during the second quarter of 1997. Two copies of the quarterly report have been forwarded to Mr. Neal Paul at MCB Camp Lejeune. Additional copies of the report have been distributed according to the attached transmittal letters.

During the week of 21 July 1997, a network of temporary wells were installed in the northern and southern portions of Site 78. The temporary wells were placed in suspect areas to better define the horizontal extent of shallow groundwater contamination. Results of the investigation will be used to install permanent wells in areas with confirmed volatile contaminants. The permanent wells will then be incorporated into ongoing Site 78 monitoring program activities.

We remain committed to providing the Navy and Marine Corps, in future quarterly reports, with recommendations that improve upon the cost effectiveness of monitoring and groundwater treatment activities. Please contact me at (412) 269-2051 or Mr. Matthew D. Bartman (Activity Coordinator) at (412) 269-2053 with any questions or concerns you may have regarding this project.

Sincerely,

BAKER ENVIRONMENTAL, INC.

Thomas F. Trebilcock
Project Manager
