Draft Final RI/FS Project Plans for Operable Units No. 8, 11, and 12
MCB, Camp Lejeune, North Carolina

Dear Ms. Landman:

Baker Environmental, Inc. (Baker) is pleased to submit three copies of the Draft Final Remedial Investigation/Feasibility Study Project Plans for Operable Units No. 8 (Site 16), No. 11 (Sites 7 and 80), and No. 12 (Site 3). The Draft Final Project Plans have been revised based on comments received from LANTDIV, MCB CLEJ, USEPA, and NC DEHNR.

Three copies of the Project Plans have been forwarded to Mr. Neal Paul (MCB Camp Lejeune). Six copies of the Project Plans have been forwarded to Ms. Gena Townsend (USEPA). One copy of these Project Plans have been forwarded to representatives of the NC DEHNR and to members of the Technical Review Committee.

Since the comments received did not result in significant revisions to the Project Plans, only replacement pages are being submitted. Instructions for inserting the replacement pages are included as Attachment A.

In accordance with the project schedule provided in the Final IP/FP dated February 15, 1994, comments on these Project Plans are due no later than September 1, 1994 so that the Final Project Plans can be submitted by October 1, 1994.

If you have any questions regarding this submittal, please do not hesitate to contact me at (412) 269-2053, or Mr. Raymond P. Wattras (Activity Coordinator) at (412) 269-2016.

Sincerely,

BAKER ENVIRONMENTAL, INC.
